K: Yes. I have eaten this breakfast when I was in Izumi campus. This breakfast is called "TG breakfast". We can eat this breakfast from am 7:50 to am 10:20. It started in 2014 and it serves only 100 meals a day. We can eat it only 100 yen. So, it is very popular among students living alone and students joining athletic club in the morning.

T: Sounds great! Next, I'll talk about the cafeteria in Tuchitai campus. The menu of this cafeteria changes every day. So, the standard items for cafeteria are also changed. Moreover, there are meal event every week. We can eat local food in Tuchitai cafeteria. Now, we can eat Hokkaido meals like soup curry and shrimp miso ramen.

K: I want to eat all of them! Tuchitai campus is located on the residential street, so many ordinary guests visit and enjoy the meal. It's very convenient.

T: Finally, I'll talk about the cafeteria in Tagajo campus. This cafeteria serves crepes, so many students often order it. In Tagajo campus, there are a lot of man in Engineering Department. So, the amount of meals are large.

K: As you can see, the cafeteria of Tohoku Gakuin University is good place to have relaxing time. 4 months later, we are going to graduate from Tohoku Gakuin University. So, till then, I think it is good idea to go to each of cafeteria and enjoy the meal there!
