and  
Thai-Nichi Institute of Technology, Bangkok, Thailand.**

In association with

**PCCOE's Institution of Engineering and Technology (IET), OnCampus and  
SIG – Machine Intelligence and Optimization Algorithms (MI & OA)**

**(24<sup>th</sup> August to 26<sup>th</sup> August 2021)**

**About PCCOE-**Pimpri Chinchwad College of Engineering (PCCoE) is one of the best engineering colleges in Pune, established in 1999, nurtured and managed by Pimpri Chinchwad Education Trust (PCET).

It is permanently affiliated to Savitribai Phule Pune University, Pune, approved by AICTE and an academically autonomous institute. It is accredited by NBA (thrice), NAAC and Certified as ISO 9001:2015 by TUV-Nord. PCCOE offers education in five undergraduate courses, Post graduate courses in Mechanical Engineering, Electronics and Telecommunication Engineering [E&TC], Computer Science, IT and Civil Engineering. The Doctoral programs are offered in Computer Engineering, Mechanical Engineering and E&TC. PCCOE also offers MBA and MCA courses. This noteworthy work of PCCoE is consistently recognized by various apex bodies such as NIRF, DataQuest Top T Schools, Times Engineering Survey, Outlook Drishti Engineering Survey, Outlook Top 100 Engineering Colleges and many more.

**About Thai-Nichi Institute of Technology-**Thai-Nichi Institute of Technology was founded by Technology Promotion Association (Thailand-Japan) or TPA in 2007. TPA was established on the 24th of January 1973 by a group of well-wishes composed of those who used to study or receive training in Japan, with the strong support of Japanese government and private sectors. Mr. Sommai Hoontrakul, the former Finance Minister, was the leader of Thai side and Mr. Goichi Hozumi, the former president of Japan-Thailand Economic Cooperation Society of JTECS, have played an important role in establishing TPA. TPA's objective is to be the

center of promoting knowledge disseminating and technology transfer to Thai personnel for the growth and advancement of Thai economy and industry. TPA has gradually become well-known by accumulating expertise and providing adequate services to industrial sector. These services include Training, Consulting, Instruments Calibration Center, Publishing and Language School. Over the past four decades, TPA has continually introduced new technologies from overseas to Thai Industrial sector and has increasingly gained wide recognition from Thai public. TPA started the Thai-Nichi Institute of Technology Project in 2005 and receive the official license from the Ministry of Education on the 29th September 2006.
